

DEATH OF WILL MATHER.

Popular Young Man of Carson Passes Away Suddenly.

Death has come to a home that has had more than its share of sorrow.

Will Mather, the only son of Mr. Mather, answered the summons, and so unexpectedly that few of his friends realized that death was to claim him. It was but a few years ago that the widowed mother was deprived of her other boy, and now Will, the popular boy of this city, is taken from her. The gentle woman and mother has had more than her share of sorrow.

The cause of Will's death was directly due to the amputation of his foot about a year ago. In some manner the amputation was left in such a condition that it effected the entire body and a week ago he was brought home, supposedly suffering from rheumatism. A doctor was called and he declared the illness was from from amputation and held out little hope from the first. The morrow of the bone had become affected and this communicated to the spinal column, causing paralysis. The end came yesterday morning and the genial young man has gone to where there is no pain or sorrow. He had his share on this earth.

Will Mather was born in London, England, thirty-two years ago. He came to this city in his early childhood and grew to manhood here. He became a prime favorite on account of his genial manner, and wonderful baritone voice. This last gift he used to the edification of a hundred friends and in many homes, where he and his gifts were appreciated.

Of late years he has been employed by T. B. Riekey and Mr. Fitzpatrick. In both cases he was a trusted friend and employee and especially in the case of Mr. Fitzpatrick, who acted as his friend and benefactor. It was this gentleman who brought him to this city when illness overcame him.

The entire community will mourn his loss and the sympathy of the large circle of friends will be extended to the mother and sister, who are heart broken over the terrible disaster that has overtaken them.

He was a member of the A. O. U. W. of this city in good standing and this organization will take charge of the funeral arrangements. The funeral will be held from the Episcopal Church on Sunday afternoon at 2 o'clock.

Fire at Verdi.

VERDI, Nov. 2.—This town was visited by a \$25,000 fire this morning. The California Pine Box and Paper company was the heaviest loser, two large lumber sheds being destroyed.

The fire bug applied his torch in a number of places. Valuable assistance was rendered by the Truckee fire train, which came down to help the volunteer department.

County Commissioners Meeting.

The Board of County Commissioners will meet on Monday next, Nov. 6th. All parties having bills against the county must present same before that date and file them with the clerk of the Board.

H. B. VAN ETTEN,
Clerk of the Board.

New lines of footwear are arriving daily at Ed. Burlington's Shoe Store. He has been considerably hampered by delay in freight but they are arriving daily. You will find the largest and best lines of shoes are carried in his store and prices are always the lowest. You can save money by purchasing footwear at his store.

Wreck at Thorne.

Eight cars were derailed in a wreck at Thorne, a station on the Nevada and California road. Luckily no one was injured in the wreck but the cars were pretty badly smashed up. The derailment was caused by a broken flange on one of the cars.

The track was torn up for a considerable distance and traffic delayed for several hours. The wrecking crew from Sparks was sent to the scene of the mix up and succeeded in clearing the track before the arrival of any passenger train.

The assessment roll of Nye county this year foots up \$1,310,152 56, a gain of \$502,621 21 over last year.

The Executive Committee of the Business Men's Association held a very interesting meeting last evening. Several good plans will be made public at the next meeting.

L. WELL.

Until the Board Meets
a. D. mine What to Do.

Work on the Capitol well ceased last evening. The sand pump is still stuck at a depth of over five hundred feet.

The water rises to the level of the ground but does not flow over. The proposition is to cut the various casings just above where the size larger reached and also to drill holes where the various flows have been struck as a careful record has been kept of them.

With a deep well centrifugal pump let down say a hundred or two hundred feet, it is not likely that the well could be exhausted. This is probably what will be done. Such a pump would force the water to the highest part of the capitol building and the State would have all the water needed to irrigate the grounds. It would also be pure water for drinking which is not the case with the present supply.

ORGANIZED THE COMPANY.

Goldfield Business Men Plan for Home Insurance.

GOLDFIELD, October 31.—Dissatisfied with the high rates charged by the fire insurance companies, a movement is on foot to form what will be known as the Nevada Mutual Fire Insurance Company, which will be in charge of local people.

Policies will be written and the insurance business will be conducted on the mutual assessment plan and it is believed that risks can be carried at rates much lower than are charged by the large insurance societies of the country. But one-tenth of the premium charged will be made payable in advance.

Arthur E. Barnes is President and Fabius M. Clarke is secretary of the company. The directors are:

A. E. Barnes, F. M. Clarke, Geo. Lewis, L. L. Patrick, and E. T. Wheeler.

The following named gentlemen affixed their names to the incorporation papers:

L. L. Patrick, George Lewis, W. S. Elliott, Todd C. Woodworth, W. C. Stone, C. C. Inman, George A. Eastman, F. M. Clarke and E. T. Wheeler.

A receiver has been appointed for the Goldfield Water Company and manager A. E. Barnes and Superintendent Williams are under \$10,000 bonds to answer to charges of misappropriation of funds.

On account of the numerous cases of petty larceny, Tonopah citizens have determined to give all persons without visible assets notice to leave.

A brother of "Scotty" the Death Valley mine millionaire, is beating his way to Los Angeles by the brake-beam route.

DEATH FROM ACCIDENT.

Reno Physician Succumbs From Terrible Scalding at Steamboat.

Dr. A. C. Cassaccia died about 9 o'clock last evening at his home in the Eureka block, the result of being scalded in a boiling geyser at Steamboat Springs last Sunday. It was a brave battle for life that the injured man made, and for a time the attending physicians were hopeful that the patient would rally and recover. However, the cuticle from his lower limbs and a portion of his body was literally burned away, exposing the sensitive nerves and causing untold pain. The shock in itself would have caused death to most persons.

Yesterday morning the attending physicians realized that the end was not far off, but hope was not given up until Dr. Cassaccia passed away last evening.

The young wife of Dr. Cassaccia has been prostrated since the accident and her condition was such last night that she was not advised of her husband's death. Perkins Oliver and Gilling are in charge of the body.—Journal.

HAVERLEYS COMING.

Minstrels Will Show in This City Next Monday Night.

Fred Russel is conceded by press and public to be the premier minstrel comedian of the century and when Haverley's Mastodon Minstrels appear at the Carson opera house on next Monday night he will drive dull care away with all that is new and novel in song and story. Russel's talents are varied, but they chiefly center in his own keen sense of humor and his marvelous voice, which he can transpose into any key. If he had decided at the outset of his career to elevate the dramatic stage instead of the minstrel platform, he could have ranked very high in the list of American essentric comedians. As it is, his black face work is a study in ebony. His monologue is gotten up this season with all the care possible and it is always good for all the laughs that the audience has on hand.

A watch thrown into the Truckee river several years ago by a fleeing burglar pursued by officers, was recovered by workmen excavating for the new bridge foundation at Reno.

J. T. O'Hara has secured an option for \$5,000 on the Underground and Grandson mining locations from Miss Annie Mansfield. The locations are in Nigger ravine near the Farman shaft.

A jury returned a verdict of not guilty in the case of thirty State University students charged with hazing.

Wm. McMillan, cashier of the Farmers and Merchants Bank in Reno has tendered his resignation. He is going to Goldfield where he will probably locate.

SECURE RIGHT OF WAY.

Western Pacific Finds Little Difficulty in Eastern Nevada.

The Western Pacific has a right of way for its road from Winnemucca to Golconda. Stauffer — Reinhart on Saturday deeded the company a right of way through their ranch and that was the last and includes all the individual holdings. Mr. Roma the right of way agent who has been in Winnemucca for several days procuring the chain of titles will leave in a day or two for Golconda and the eastern end of the Humboldt division to complete his work. After securing the eastern end he will go to work on the right of way between Winnemucca and Deep Hole the Western end of the Humboldt division. The greatest obstacle he has encountered in his work thus far is in the examination of the records in getting abstracts of title and maps. In many instances property holders have not deemed it necessary to make their holdings a matter of record. The people Mr. Roma has dealt with thus far are practically a unit on the subject of right of way and hail the coming of the new road with great delight. The Silver State is of the opinion that the Western Pacific will meet with no one across whose property the survey runs who will not be more than fair to their new neighbor, the Western Pacific, for at must realize with its building the good to this county and the entire State at large.—Silver State.

SLAUGHTER OF THE JEWS.

Blood of the Innocent Flowing in Dark Russia.

ODESSA, Nov. 2.—This city and the surrounding country are the scene of riot and bloodshed. A horrible slaughter of Jews is in progress. Streets are blocked with bodies and the gutters are running with blood. The atrocities of Kisheneff are being repeated, only on a much larger scale. Already five thousand Jews have been slain. The Cossacks with fiendish rage and glee are slaughtering right and left. The Jews are putting up little or no resistance, but are ineffectually attempting to make their escape.

Kernan and McCarthy Lease.

The Goldfield News says: "On the Kernan and McCarthy lease in Silver Bow district the shaft is down 40 feet, at which point the ledge is between 5 and 6 feet wide. The main body of ore assays from \$25 to \$30 a ton, and the pay chute, which varies from 12 inches to 2 feet in width, averages about \$175. About two hundred sacks of ore is awaiting transportation, and there is about sixty tons of milling ore on the dump."

Fine Entertainer.

Cyrus Brownlee Newton who appeared at the Kintoscope theatre last evening certainly fulfills the bill as an entertainer. His clever way of putting stories and things catches the people and he kept his audience in a happy mood for two hours. Mr. Newton is a specialist in his line and a specific for the blues. It is to be hoped that the people can hear him again.

A Good Bargain.

Joseph Olcovich offers, for sale some desirable building lots on Carson street, east of General Clark, size 100x138, also a lot further north same Carson street, size 50x264, both together for the trifling sum of \$250. Parties interested apply to C. H. Peters.

Taking Out the Trees.

The first work toward the building of the new library and supreme court rooms was begun yesterday, when a force of men were put to work taking out the two rows of trees on the east side of the capitol building.

Seriously Ill.

Word was received yesterday from Lenbrook stating that Mr. Wakemans, well known in this city, was seriously ill, and his daughter departed last night to be at his bedside.

The nature of his illness was not stated.

A. O. U. W. Notice.

The members of Ormsby Lodge, No. 4, A. O. U. W., are requested to meet at Odd Fellows' hall Sunday afternoon at 1:30 for the purpose of attending the funeral of our late brother, W. H. Mather.
